Detail-oriented educational program coordinator with extensive experience in curriculum support and logistics management. Skilled in delivering technical assistance and managing digital learning environments, with a proven track record of enhancing program efficiency and learner engagement. Adept at synthesizing feedback to drive improvement while maintaining thorough documentation. Committed to leveraging unique strengths to support innovative educational initiatives.

Work Experience

Curriculum Agent

Aug 2025 – Present

Center for Re-Imagined Africa (CRA) · ALU · Kigali, Rwanda

- Served as primary candidate-facing point of contact for Public Sector Fellowship and Togo Digital Ambassador Program participants, scheduling fellowship sessions, and writing warm and informative communications to 80+ ambassadors, 150+ public sector fellows across Africa, and 50+ executive coaches.
- Coordinated high-volume scheduling for undergraduate coaching onboarding across ALU Kigali and ALC Mauritius campuses, linking 40+ students with African public sector leaders and tracking engagement across 6-month coaching cycles.
- Synthesized participant feedback and engagement data to drive process improvements and inform program design decisions, contributing to internal program reviews and curriculum iteration.
- Acted as Canvas LMS Teacher Assistant, managing digital learning environments and providing real-time technical support to all learners.
- Executed structured documentation and centralized repositories to strengthen knowledge management across programs.

Tech and Logistics Support Consultant

Jan 2023 – Apr 2023

Rising International Education and Learning Limited · Kigali, Rwanda

- Delivered technical and logistical support to the Elimu-Soko Educational Project, ensuring smooth program operations and reliable digital infrastructure throughout the engagement.

Technology / Operations Officer

Jan 2018 – Aug 2022

Rising Academy Network · Freetown, Sierra Leone

- Managed and maintained hundreds of digital learning devices across school sites, ensuring operational continuity.
- Supported operational logistics, systems coordination, staff onboarding, and CUG management in collaboration with HR.
- Produced digital content including graphics and multimedia to support institutional communication and engagement.

Research Assistant

Jan 2016 – Sep 2017

Oxford University · Freetown, Sierra Leone

- Supported large-scale education research involving 2,000+ student tablet-based assessments.
- Coordinated and supervised a team of five enumerators for data collection, translation, and quality control.
